

## **What is the BAA and why join as a Student Member?**

### **The BAA**

The professional association for Bowtech trained Bowen Therapists.

When you achieve your Cert IV Bowen Therapy and become a Full Member of the Bowen Association of Australia, the BAA represents you as a practitioner and gives you professional recognition and representation. More importantly to many new practitioners, on attaining your Diploma of Specialised Bowen Therapy and thereby becoming an Accredited Member, it allows your clients to obtain rebates for their treatments from many health funds.

As well as giving you professional recognition, the BAA is responsible for developing and maintaining the highest professional standards of conduct and practice amongst its members. The BAA represents the practitioner in matters such as Health Fund Service Provider recognition, insurance and disciplinary actions against members. It also acts as a voice between the practitioner and the teaching arm of Bowen, which is the Bowen Therapy Academy of Australia or with the affiliated Bowen Training Australia (TOid 41134). It is committed to maintaining the highest standard of education and training of Bowen Technique and to sponsoring research.

### **Why become a Student Member**

As a Student Member you will receive a Student Member's Kit which is packed full of information, copies of our quarterly newsletter, be able to log on to our website, be kept up to date with any changes; with information you will need as a practitioner and with all the events taking place in the BAA.

By joining your Association, the BAA, you can help increase its strength and support base and, through that, increase the overall awareness and acceptance of Bowen Therapy in the wider community.

### **How much does it cost to become a Student Member?**

It doesn't cost anything! So think what you have to lose and how much you have to gain. Fill in the form overleaf and become a Student member of your Association - the Bowen Association of Australia.

## **APPLICATION FORM OVERLEAF**
